WEEK 16

In Week 16, we are exploring the life cycle of a frog! We follow the life of Franklin and watch him GROW. As a frog he likes to JUMP and PUSH water when he swims. We will also learn how frog spawn PROTECTS itself.

ONLINE CHALLENGE OF THE WEEK:

Search “life cycle of a frog” on YouTube and discuss what is happening at each stage with your child.

THIS WEEK'S SPECIAL WORDS

GROW

When something gets bigger and bigger.

PUSH

When you press something to move it away from you, you **PUSH** it.

JUMP

When you **JUMP**, you bend your knees and push yourself into the air.

PROTECT

When someone keeps you safe and stops you from being hurt, they **PROTECT** you.

HOME LEARNING CHALLENGE

WE HAVE PREPARED SOME FUN ACTIVITIES TO DO AT HOME!

Grab your favourite family album or some pictures on your phone (online or off-line). Go through pictures of you and your child throughout different ages. Talk about growing up and favourite moments.

Do these activities at home!

- ✦ Hone your JUMPING skills together with your child. Can you JUMP high? far? together?
- ✦ Build a tower together using blocks or pillows, and at the end ask your child to PUSH it! Rebuild and repeat.
- ✦ Talk about people and objects that help PROTECT us. For example, why is wearing a seatbelt important? Who can we ask for help?
